## HOLLOWAY'S PILLS.

## Nervous Disorders.

What is more fearful than a breaking down of the

nervous system? To be excitable or nervous in a small

degree is most distressing, for where can a remedy be

found? Here is one:—Drink but little wine, beer or

spirits, or far better, abstain from them altogether; do

not take coffee—weak tea is preferable; get all the

fresh air you can; take three or four of these Pills

every night; eat plenty of solids, and avoid the use of

slips. If these golden rules are followed, you will be

happy in mind, strong in body, and forget you have

any nerves.

## Mothers and Daughters.

If there is one thing more than another for which

these Pills are so famous it is their purifying properties,

especially their power of cleansing the blood from all

impurities, and removing dangerous, and renewing sus-  
pended secretions. Universally adopted as the one

grand remedy for female complaints, these Pills never

fail, never weaken the system, and always bring about

what is required.

## The British Columbian.

NEW WESTMINSTER, THURSDAY, MAR. 9, 1865.

### Legislative Council.

TUESDAY, March 7th, 1865.

The House met at 3 o'clock, all the members being present with the exception of Hon. Mr. Homer, absent on leave.

Minutes of previous meeting read and confirmed.

#### PETITIONS.

Hon. H. Holbrook presented a petition from inhabitants of British Columbia, signed by W. J. Armstrong and 49 others, praying that the House would not vote the £10,704 16 7 placed on the Estimates as due the Imperial Government for Camp buildings, and alluding to the fact that these buildings were erected for military purposes, and were of little or no value to the colony. The petition was received.

#### NOTICES OF MOTION.

Hon. Mr. Holbrook gave notice that he would on Wednesday move for an increase of £50 in the salary of 2nd and 3rd Clerk in the Treasury, respectively, and that an appropriation for the same be placed on the Supplementary Estimates.

Also that the Acting Registrar of the Supreme Court should be allowed full salary.

Also to ask for an additional sum of £250, to pay off the debts of the Royal Columbian Hospital.

Also that he would bring in a resolution recommending that the Puisne Judge should be appointed from the local Bar.

Hon. Mr. Cornwall gave notice that he would move that the salary of the Postmaster-General should be £500.

Hon. Mr. Moberly gave notice that he would move that all messengers in Government departments be paid a salary of £120 per annum.

#### MOTION.

Hon. H. Holbrook moved that the salary of His Excellency the Governor be increased £1,000 per annum. It gave him great pleasure to move this. He thought the Governor ought to have £5,000; but the colony could hardly venture to give that now, although he hoped to see it done next year.

Hon. Mr. Walkem seconded the motion in a few very appropriate remarks, and paying a high compliment to the ability and energy displayed by His Excellency. He alluded to the expedition voluntarily undertaken by His Excellency last summer through a hostile Indian settlement, and to his subsequent visit to our most distant gold fields, all within a few months of his arrival in the colony. He said that the Governor might be called to a more lucrative and important appointment at any time, and that £3,000 was really altogether inadequate to command the services of a gentleman of His Excellency's abilities and energy. He would be glad to see the Governor's salary raised to £5,000.

The motion was supported by Hon. Mr. Moberly in a few inaudible remarks, when it was put and carried unanimously.

#### THE ESTIMATES.

The House went into Committee of Supply, Hon. P. O'Reilly in the chair.

The Hon. Colonial Secretary gave some information respecting the Government printing in reply to remarks made the previous day. He stated that during the recess last year no less than 1,200 forms had been printed. He believed that if the work were given out it would cost more, and instructed Victoria, where there was much less printing, and yet it cost more than the Government of this colony is at present paying.

Hon. Mr. Cornwall expressed himself as perfectly satisfied with the explanation of the Hon. Colonial Secretary.

Hon. Mr. Holbrook thought the explanation was very satisfactory so far as it went; but he thought that the Government should receive tenders from the two printing offices, where he believed the work could be done for 15 to 20 per cent less. He, therefore, moved that the printing department be laid over until tenders had been received from the two printing offices.

Hon. Mr. Walkem thought that whatever might be said with respect to the Government printing, the palfrey item of £100 set down for advertising in the newspapers was altogether inadequate for that purpose. He believed that newspapers should be encouraged. They were, in a sense, public property. We should shortly enjoy telegraphic communication, when we should probably have our papers issued daily, giving them a wide circulation and enhancing their value as an advertising medium.

The Hon. Colonial Secretary explained that although the amount set down for advertising was only £100, the Government would always advertise when necessary, and would have no hesitation in exceeding that amount, confidently relying upon the House to provide for such excess in the Supplementary Estimates. The printing department was passed.

ASSISTANT GOLD COMMISSIONER &c., CARIBOO EAST. Salary £700.

Hon. Mr. Walkem objected to the salary as being too large if the £200 extra was to be allowed. He found himself in a most delicate position in opposing these salaries. But he was neither sent to that House to cement personal friendships nor to pander to popular prejudices. With a revenue so essentially contingent to pay such extravagant salaries was altogether unjustifiable. He appealed to the honor of gentlemen when voting upon their own salaries. If the item of £200 extra allowance were carried it would enable the Commissioner to have more than his entire salary clear, as living in Cariboo during the mining season would not cost that amount altogether. He was the only member in the House to raise a voice against the rate of 2s. an ounce being levied upon gold; and now when it came to be the turn of those who enjoyed large salaries and were virtually exempted from all taxation he would not be deterred from doing his duty.

from considerations of personal friendships. The fixed salary of £700 was ample, and he would, therefore, move that the £200 be struck out altogether.

The Hon. Mr. Holbrook seconded the motion, and fully supported what had been said by the hon. mover, which he considered very much to the point. He thought the fixed salary quite high enough, such as would attract good lawyers from England, and he would, therefore, oppose the item of extra allowance.

The Hon. Colonial Secretary said he was in favor of paying a fair salary and nothing more. The House appeared to run away with the idea that these salaries were increased, whereas they were materially reduced this year. He thought, considering the expense and inconvenience attendant upon residing in Cariboo, the amount was not excessive. As for having lawyers as Commissioners, he thought the country was better without them, as they would only be quarreling amongst themselves.

Hon. Mr. Walkem indignantly resented the attack upon the legal profession as altogether unjustifiable. It was very humiliating to the Bar to find that gentlemen coming to this colony and who did not possess a legal training should at once be made Gold Commissioners and have to decide important legal questions, involving very large sums of money.

Hon. Mr. Cornwall supported the motion. He thought the allowances out of all proportion. The expense of living in Cariboo was not very much more than at Lytton and Lilloet, and yet in the one case there was an allowance of £50 and in the other of £200.

Hon. Mr. O'Reilly spoke in defence of the item of extra allowance, reading from a list of prices of provisions in Cariboo and contrasting them with New Westminster prices, showing a difference of 350 per cent, as against Cariboo.

Hon. Mr. Walkem contended that there was a more important principle involved than the mere price of a pound of beef, and pressed for a vote.

Hon. Attorney-General thought it was not too much. He stated that it was not an increase upon last year, but a decrease of £165.

Hon. Mr. Walkem replied that he believed Commissioners had been hitherto pocketing fees which ought to have gone into the Colonial Treasury; but that was no solid reason why the House should vote too much now.

Hon. Mr. Moberly thought the sum was not too high.

On a division being called for, the motion was lost and the item carried, only Hons. Walkem, Holbrook and Cornwall voting in favor of the former, and against the latter.

GOLD COMMISSIONER &c., FOR KOOTENAY.—The same objections were urged in this case, with similar results. The item of £450 for Clerk, caused considerable discussion, several members contending that the Clerk for Kootenay ought not to have more than the Clerk for Cariboo East, and certainly not more than the Chief Clerk in the Customs, where there was a much greater responsibility.

On a division the Hon. Collector of Customs and Messrs. Walkem, Holbrook, and Cornwall only voted against the item, which was carried.

The salary of constable (£400) was objected to, and the Hon. Colonial Secretary asked leave to reduce it to £300.—Granted.

CARIBOO WEST AND QUEENSLAND.—The extra allowance of £200 to the Assistant Gold Commissioner was objected to, but was passed.

ASSIST. GOLD COMMISSIONER &c., Osoyoos.—Hon. Mr. Walkem advocated an allowance of £100. He was warmly seconded by the Hon. Collector of Customs, who paid a high tribute of praise to Hon. Mr. Haynes. Hon. Mr. Holbrook also spoke in favour of the allowance. Notice of motion was given for the purpose.

ADMINISTRATION OF JUSTICE.—The item of £1000 for expenses of Judge and Registrar was objected to, but was finally carried.

The item of £1000 for Court House and Jail at Quesnelmouth was objected to, but was carried.

The allowance for Cariboo Hospital was, at the request of the Hon. Colonial Secretary, raised from £500, to £1,200.

The committee rose, reported progress, and the House adjourned till Wednesday at 1 o'clock.

#### WEDNESDAY'S SITTING.

The House met at 1 o'clock.

All the members present with the exception of Hon. Mr. Homer.

Minutes of previous meeting read and confirmed.

#### WILD LAND TAX.

Hon. Mr. Holbrook asked leave to bring in a Bill to impose a tax upon unoccupied lands. Leave not granted.

#### JUDICIAL.

Hon. Mr. Holbrook moved "That it would be pleasing to this Council and the Colony if His Excellency would recommend that the Judge of the Supreme Court receive the title of Chief Justice, and that the Puisne Judge be appointed from the Bar of this Colony."

The Hon. Colonial Secretary objected to the motion upon the ground that it was an interference with the Executive.

The Hon. Treasurer also objected upon the same ground. The motion was finally withdrawn.

#### THE ESTIMATES.

The House went into Committee of Supply, the Hon. Mr. O'Reilly in the chair.

The item of £1,000 for the Court House and Jail at Lilloet was passed after considerable discussion.

TOWN CLOCK, NEW WESTMINSTER.—(£200) Hons. Walkem and Holbrook thought the money would be better spent on a school-house.—Passed.

LIGHT-SHIP.—(£4,000) Passed after some discussion. The item of £4,000 for survey and assisting immigrants to take up land was reduced to £1,000 by consent of Hon. Colonial Secretary.

The item of £6,000, for exploration in the Interior, was discussed. The Hon. Colonial Secretary explained that it was the intention of Government to explore the country lying between Cariboo and the Big Bend of Columbia River.—Item voted.

ROAD FROM COTTONWOOD TO WILLIAMS CREEK, (£15,000).—Hon. Mr. Holbrook thought this sum quite inadequate to make a waggon road, and too much for a trail. Hon. Mr. Walkem thought the sum would suffice to construct a narrow road, which was all that was requisite.—Item passed.

ROAD BETWEEN CAMERONTON AND RICHFIELD, (£1,200).—Hon. Mr. Holbrook thought this was an uncalculated appropriation. A trail was all that was really necessary.—Item passed.

ROADS TO KOOTENAY AND BIG BEND, COLUMBIA, (£30,000).—Hon. Mr. Walkem would like to have some information as to how the money was proposed to be spent before voting for so large a sum. The Hon. Colonial Secretary stated that the Government would not be disposed to expend this or any sum rashly. A proper exploration would be made before much expense was incurred in making to Kootenay.

Hon. Mr. Haynes spoke of the importance of the Kootenay country, mentioning that he was aware of instances in which men had faked out as much as \$100 each, per diem, and he felt confident that there were equally rich diggings about the Big Bend.—Item passed.

CUT-OFF TRAIL, (£250).—Hon. Mr. Elliott stated that this trail would pass through an excellent grazing country, and would shorten the distance to Soda Creek by 35 miles.—Item passed.

TELEGRAPH TRAIL FROM SEMIAHMOO BAY TO MUD BAY.—The Hon. Colonial Secretary explained that as certain privileges granted to the Telegraph Co. last year had been withdrawn, on account of being disallowed by the Imperial Government, there was a disposition on the part of His Excellency the Governor to assist them in every way.—Item passed.

NEW WESTMINSTER STREETS, (£2,500).—Hon. Mr. Moberly asked whether any portion of the amount would go towards paying for work now in progress. If so he would oppose it, as the money was being thrown away.—Item passed.

TRAIL FROM FORT SHEPHERD TO KOOTENAY, (£155). The Hon. Colonial Secretary explained that the H. B. Co. proposed to open the trail with Government assistance. The trail was so badly made and so foolishly located as to be of little or no value. A demand had been made by the Company for over \$4,000. The amount set down he thought fair under all the circumstances. Hon. Mr. Holbrook spoke strongly in defence of the company, claiming that the Government could not honorably refuse to pay the amount demanded.—Item passed.

INSURANCE OF GOVERNMENT HOUSE.—When the item of £800 for furniture was up the Hon. Colonial Secretary asked leave to add £46, for insuring the buildings &c.—Granted.

IMMIGRATION, (£3,000).—Hon. Mr. Walkem strongly opposed the scheme. He understood it was to be a repetition of the Robert Lowe affair—sending out a lot of women on the recommendation of the Bishop. Hon. Treasurer supported it. Hons. Collector of Customs and A. C. Elliott opposed it. The Hon. Colonial Secretary thought it would be wise to vote the item, so that the Governor might be in a position to send the report Home and see what could be done. Hon. Mr. Holbrook spoke at considerable length in support of the scheme. He said it would have a good effect at Home to go into the immigration market and show that we had a field here for laborers. The sum was small, but it would make a beginning, and the return would be four-fold. The item was passed by a vote of 7 to 3.

CAMP BUILDINGS.—The item of £10,704 16 7 set down in the Estimates as due the Imperial Government in respect of these buildings, elicited considerable discussion. The Hon. Colonial Secretary explained that on his arrival in this colony His Excellency had remonstrated with the Home Government against making these buildings a charge upon the colony. No reply had yet been received, and it seemed necessary that the item should remain upon the Estimates meantime, although he believed every hon. member felt it would not be right to make the colony pay the amount. Hon. Mr. Holbrook spoke strongly against the receiving of the buildings. The item was finally passed, with a resolution, moved by Hon. Mr. Walkem, attached to it remonstrating against the Home Government foisting the buildings upon the colony.

#### SUPPLEMENTARY ESTIMATES.

Resolutions were passed recommending the Governor to place the following sums upon the Supplementary List:—

Postmaster-General's salary, increase £100.  
Williams Creek Jail, £200 additional.  
Medical attendant on Jail, increase £100.  
Second and third clerk in Treasury, increase £50 each.  
Second clerk Customs, increase £50.  
Road from Cottonwood, increase £10,000.  
Cariboo and Kootenay Hospitals, increase £500 each.

Allowance for improvement on Government buildings at Yale raised to £400.  
Acting Registrar Supreme Court, full salary, (£400.)

Allowances to Magistrates at Lytton and Lilloet raised to £100 each.  
Junior clerk in Treasury raised to £250.  
Third clerk in Colonial Secretary's office, salary increased £50.

Revenue officer, salary increased £50.  
Messengers' salaries raised £20.  
Magistrate at Osoyoos, allowance £100.

The Kootenay constables made the same as those in Cariboo.

It was proposed to vote £100 each to non-official members. Hon. Mr. Walkem said he would not accept of any remuneration. Hon. Mr. Holbrook ditto. Hon. Mr. Cornwall would accept. The Hon. Colonial Secretary thought travelling expenses should be paid as was done last year, and he should be glad to see an amount placed in the Supplementary Estimates for that purpose. The matter was dropped, and the committee rose and reported progress.

Report adopted, and House adjourned till Friday at 3 o'clock.

THE WEATHER continues cold and stormy. Quite a snow-storm set in last night.

#### The Estimates.

It will be seen by reference to our published report that the Estimates have been disposed of. We cannot help thinking that had they been adopted as they came from the hands of the Hon. Colonial Secretary, the country would have been better satisfied. The wholesale increase of salaries, indulged in so recklessly yesterday, was a grave mistake; and our only consolation consists in the hope that the Governor will withhold his sanction. In one or two instances the thing would have been justifiable; but, as it is, the game is too palpably indecent to pass. No stronger argument in favor of union could possibly be adduced than the legislation of yesterday.

TELEGRAPHIC.—Mr. Haines, local superintendent of the California State Telegraph Co., arrived from Semiahmo in a canoe yesterday. Mr. Haines informs us that the weather has been extremely unfavorable. The working party had crossed the Boundary; but owing to the weather he could not give any definite idea of when they would reach this city. No news had been received over the line.

NO STEAMER.—The Enterprise did not arrive from Victoria yesterday, probably owing to the severity of the weather and the fear that the navigation might be closed with ice.

HOLLOWAY'S OINTMENT & PILLS.—Old Wounds, Sores, and Ulcers.—Daily experience confirms the fact which has triumphed over opposition for twenty-seven years—viz.: that no means are known equal to Holloway's remedies for curing bad legs, sores, wounds, diseases of the skin, erysipelas, abscess, burns, scalds, and, in truth, all cases where the skin is broken. To cure these infirmities quickly is of primary importance or the compulsory confinement in doors weakens the general health. The ready means of cure are found in Holloway's Ointment and Pills, and which heal the sores and expel their cause. In the very worst cases the Ointment has succeeded in effecting a perfect cure after every other means had failed of giving any relief. Desperate cases best display its virtues.

Information is invited to be sent to the Editor of the British Columbian newspaper, New Westminster. Victoria papers will confer a favor by giving this a few insertions.

**ALL CURES MADE EASY!!**  
**HOLLOWAY'S OINTMENT.**  
Bad Legs, Ulcerous Sores, Bad Breasts and Old Wounds.

No description of wound, sore, or ulcer can resist the healing properties of this excellent Ointment. The worst cases readily assume a healthy appearance when ever this medicament is applied; sound flesh springs up from the bottom of the wound, inflammation of the surrounding skin is arrested, and a complete and permanent cure quickly follows the use of the Ointment.

**Piles, Fistulas and Internal Inflammation.**  
These distressing and weakening diseases may with certainty be cured by the sufferers themselves, if they will use Holloway's Ointment, and closely attend to the printed instructions. It should be well rubbed upon the neighbouring parts, when all obnoxious matter will be removed. A poultice of bread and water may sometimes be applied at bed time with advantage; and most scrupulous cleanliness must be observed. If those who read this paragraph will bring it under the notice of such of their acquaintances whom it may concern, they will render a service that will never be forgotten, as a cure is certain.

**Rheumatism, Gout & Neuralgia.**  
Nothing has the power of reducing inflammation and subduing pain in these complaints in the same degree as Holloway's cooling Ointment and purifying Pills. When used simultaneously they drive all inflammation and depravities from the system, subdue and remove all enlargement of the joints, and leave the sinews and muscles lax and uncontracted. A cure may always be effected, even under the worst circumstances, if the use of these medicines be persevered in.

**Eruptions, Scald Head, Ringworm & other Skin Diseases.**  
After fomentation with warm water, utmost relief and speedy cure can be readily obtained in all complaints affecting the skin and joints, by the simultaneous use of the Ointment and Pills. But it must be remembered that nearly all skin diseases indicate the depravity of the blood and derangement of the liver and stomach, consequently, in many cases, time is required to purify the blood, which will be effected by a judicious use of the Pills. The general health will be readily improved, although the eruption may be driven out more freely than before, and which should not be promoted; perseverance is necessary.

**Sore Throats, Diphtheria, Quinsey, Mumps & all other Derangements of the Throat.**  
On the appearance of any of these maladies the Ointment should be well rubbed at least three times a day upon the neck and upper part of the chest, so as to penetrate to the glands, as salt is forced into meat; this course will at once remove inflammation and ulceration. The worst cases will yield to this treatment by following the printed directions.

**Scrofula or King's Evil and Swelling of the Glands.**  
This class of cases may be cured by Holloway's purifying Pills and Ointment, as their double action of purifying the blood and strengthening the system renders them more suitable than any other remedy for all complaints of a scrofulous nature. As the blood is impure the liver, stomach and bowels, being much deranged, require purifying medicine to bring about a cure.

Both the Ointment and Pills should be used in the following cases:—  
Bad Legs. Chapped Hands. Scalds.  
Bad Breasts. Contracted and Sore Nipples.  
Burns. Stiff Joints. Sore-throats.  
Bunions. Elephantiasis. Skin-diseases.  
Bite of Mosquitoes. Fistulas. Scoury.  
and Skin-Files. Gout. Sore-heads.  
Coco-bay. Glandular Swellings. Tumors.  
Chiefo-foot. Ulcers. Wounds.  
Corns (soft). Lumbago. Yaws.  
Cancers. Piles. Rheumatism.  
Chilblains.
